

ICT Project Manager

Job ID: 202603/100

Location: Johannesburg, Gauteng

Posting Date: 04 March 2026, Closing Date: 24 March 2026

The Company - Lungisani Africa

We are an ICT solutions and services provider, and our areas of activity include Managed ICT, Technology Development, and Virtual CTO services. We partner and collaborate with entities from various sectors and industries, crafting elegant solutions to sophisticated and vexing problems. The diverse nature of our activity portfolio presents both current and prospective employees with multi-disciplinary growth and career advancement

The Role - Job Specification

We are currently seeking an experienced and accountable project management specialist with a solid ICT background. The incumbent will be responsible for planning, scoping, budgeting, and executing all our ICT projects. We will expect each project to be completed on time, within budget, and in accordance with the quality standards specified by the needs of our customers, stakeholders, and collaborators. This is a leadership role that requires a hands-on, success-driven, and highly organized candidate

Requirements & Qualifications

- Minimum of 5 years experience in ICT project management
- Familiarity with the cybersecurity space (advantage)
- Willingness to travel
- Natural problem solving abilities
- Advanced knowledge of ICT project management methodologies
- A post-matric qualification in ICT (degree or national diploma)
- Project management certification (must)

Duties & Responsibilities

- Project planning, scoping, and execution
- Effective communication with internal teams, especially senior management
- Technical team engagement and coordination to ensure project success
- Effective communication with external stakeholders, customers, and collaborators

How to Apply?

Please send your detailed CV and qualifications to: careers@lungisani.co.za with the job ID on the subject line

Shortlisted candidates will be contacted within 2 weeks following the closing date. If you do not hear from us within this period, then your application was unsuccessful
