

PABX Technician

Job ID: 202603/110

Location: Johannesburg, Gauteng

Posting Date: 04 March 2026, Closing Date: 24 March 2026

The Company - Lungisani Africa

We are an ICT solutions and services provider, and our areas of activity include Managed ICT, Technology Development, and Virtual CTO services. We partner and collaborate with entities from various sectors and industries, crafting elegant solutions to sophisticated and vexing problems. The diverse nature of our activity portfolio presents both current and prospective employees with multi-disciplinary growth and career advancement

The Role - Job Specification

We are currently seeking an experienced PABX technician with a solid background in telecommunications and office automation. The incumbent will be responsible for installing, configuring, maintaining, and troubleshooting PBX/PABX systems and their peripheral VOIP and networking infrastructure. We will expect each installed system to maintain a reliable and consistent voice and data communication service for all our customers. This is a technical role that requires a candidate that can work with both hardware and software

Requirements & Qualifications

- Minimum of 5 years experience working with PBX/PABX and VOIP telephony infrastructure
- Solid understanding of networking protocols (TCP/IP) and SIP technologies
- Willingness to travel
- Natural problem solving abilities
- Strong customer service skills
- CompTIA Network+ or CCNA certification

Duties & Responsibilities

- Installation, configuration, maintenance, and troubleshooting of PBX/PABX systems
- Set-up and maintenance of networking, cabling, and switching infrastructure
- VOIP hardware upgrades and firmware updates
- Prompt attendance to all support service calls from customers
- Eliminate call connectivity glitches and voice quality issues

How to Apply?

Please send your detailed CV and qualifications to: careers@lungisani.co.za with the job ID on the subject line

Shortlisted candidates will be contacted within 2 weeks following the closing date. If you do not hear from us within this period, then your application was unsuccessful
