

# Web Services Specialist

Job ID: 202603/120

Location: Johannesburg, Gauteng

Posting Date: 04 March 2026, Closing Date: 24 March 2026

## The Company - Lungisani Africa

We are an ICT solutions and services provider, and our areas of activity include Managed ICT, Technology Development, and Virtual CTO services. We partner and collaborate with entities from various sectors and industries, crafting elegant solutions to sophisticated and vexing problems. The diverse nature of our activity portfolio presents both current and prospective employees with multi-disciplinary growth and career advancement

## The Role - Job Specification

We are currently seeking an experienced web services specialist with a solid background in web hosting infrastructure management, server administration, and web hosting technologies. The incumbent will be entrusted with the overall management of the infrastructure that hosts websites and web applications. This is a technical role that requires a candidate that has knowledge of robust security measures and understands the importance of providing high up-time

### Requirements & Qualifications

- Minimum of 5 years experience working with web hosting infrastructure
- Strong knowledge of cybersecurity issues
- Familiarity with control panels like WHM/cPanel, Plesk, or DirectAdmin
- Phone, chat, and e-mail etiquette
- Natural problem solving abilities
- CompTIA Linux+ or LFCS certification

### Duties & Responsibilities

- Client assistance with technical issues related to their web hosting environments
- Professional engagement through phone, chat, and e-mail
- Make sure that all hosted services are available and accessible, with minimal downtime
- Troubleshooting of infrastructure problems
- Domain settings configuration and management
- Web files deployment and management
- Prompt attendance to technical and performance issues

## How to Apply?

Please send your detailed CV and qualifications to: [careers@lungisani.co.za](mailto:careers@lungisani.co.za) with the job ID on the subject line

Shortlisted candidates will be contacted within 2 weeks following the closing date. If you do not hear from us within this period, then your application was unsuccessful
